Patricia Bradford Butler

W C S R Smith College

Dear Pat,

All of us who could make it, feel very grateful for the opportunity of coming to Smith. It was fun doing a show for W C S R, and hope that you and those who tuned in enjoyed our program. We thank all of you, moreover, for a very friendly reception. The members who stayed over want to thank Sue Tower in particular for her cares in arranging the bunking. Through impressions of your hospitality, we became aware that Smith is truly different.

This was the first journey to Smith for most of us. We are glad to discover that Smith is not so far after all! Your thoughtful invitation has set a precedent which we hope will become a tradition for the Harvard Network.

Presently, one of our studios is having its "face lifted", but by next spring the station should be presentable. We are looking forward to a return engagement with you at that time.

With wishes for a successful year,

Very truly yours,

Orlando D. Martino

Orlando Domenico Martino
House Chairman

PS I shall gladly send you prints of the photos we took.
